

FYDA FREIGHTLINER

Where "The Customer is First"

FYDA PRESENTS:

Turbo Charger Training!

May 21, 2024

Get Certified!

Fyda Freightliner will be conducting an in-depth training session about understanding turbo charger failures. This training will include a certificate of completion. **Come to this valuable training!**

Training Topics Covered

We will explore the root causes behind common issues like bearing failures, oil leaks and damage from foreign object impact.

Part One:

Covers an introduction to turbochargers and turbocharger bearing failures.

Part Two:

Covers turbocharger oil leaks and FOID failures

Attendees who participate will be eligible for a Turbo Solutions Certification.

Training Schedule

Tuesday, May 21st

3:30pm: Registration Opens (snack & drink provided)

4:00pm: Training Session Starts

4:45pm: Dinner
